

SAY!

(By CHARLES J. ARNOLD)

The Indiana business review for July says: "Fundamentally, business is at the bottom, looking up." Or, in other words, business is down on its back.

Putnam county farmers are now busy filling silos, many of which have not been filled before in many years. The drought stricken corn, and hay shortage, is causing the farmers to return to silage as a solution for their winter feed. Much of the corn, if left to mature, would not make a good yield, is being cut and used for silage. Because of the drought the corn began firing badly several weeks ago and because of this, the filling of the silos is being done at a much earlier date than ever before in this county.

I understand from no other source than from one of our city officials, that several of our leading golfers are considering attempting to break the sustained golf flight of Ora Moffett, who last week negotiated 42 holes without coming up for air. Ora, when informed that several were aspiring to wrest from him the honors, smiled in that good natured way of his very own and remarked: "Well, just Marquette down that when better sustained golf records are made, Moffett will make 'em."

"Why, I'd think he would simply break his neck," said an acquaintance of mine the other day, while telling me of a mutual friend who had spent half of his vacation in New York looking at the tall buildings and then had gone to Colorado to spend the other half of his vacation looking at the mountains. And I will admit that that is putting a lot of responsibility on ones neck.

The sidewalks around the court house are novel, if nothing else.

SHERIFFS WIFE TO BE OPERATED FOR POISON

As a result of eating food which had been poisoned, Mrs. Stephens, wife of Ray Stephens, Monroe county sheriff, will undergo an operation on her kidneys. She was informed yesterday by an Indianapolis specialist who examined her. Mrs. Stephens has been at a Martinsville sanitarium several days taking treatment, but is not improving. It has been reported.

Mrs. Stephens her husband, four children and deputy sheriff Lester Bender were made deathly sick several weeks ago after partaking of a meal. Doctors who treated them believed that they had been poisoned from strychnine. A frigidare in which food is kept at the sheriff's residence is located at the rear of the kitchen which is passed by from 20 to 25 people each day at the jail. Someone with a grudge against the officers is believed to have slipped the poison into the food. — Bloomington World

NORTH SALEM MAN ARRESTED IN ROACHDALE

ENTERS PLEA OF NOT GUILTY TO CHARGE OF PUBLIC INTOXICATION IN GREENCASTLE CITY COURT

MAY FACE OTHER CHARGES

Demands Attorney And Trial Of City—To Be Tried Friday Afternoon—Unable To Give Bond Is Held In Jail

Everett Sheets, 23 years old of North Salem was arraigned before Mayor W. L. Denman in the city court this morning on a charge of public intoxication. The youth entered a plea of not guilty, and his trial date was set for Friday afternoon at 1:30 o'clock. Bond was set at \$500, and the young man is being held in the Putnam county jail as he was unable to give bond.

Sheets was arrested in Roachdale about 8:30 o'clock Wednesday night by Town Marshal Thomas Ashby, who immediately brought his prisoner to Greencastle and placed him in the Putnam county jail, and filed charges against him in the City court.

When arraigned before the Mayor this morning the youth said that he was not intoxicated, but admitted drinking a pint and a half of home brew before coming to the north Putnam town. Sheets demanded that the city hire him an attorney and that he be given a trial.

The young man told authorities that he arrived in Roachdale about 8 o'clock last night and that he was taken into custody a few moments afterward. He stated that he entered a restaurant and was arrested immediately after leaving it.

Mayor Denman said in court this morning that if Sheets was found guilty on the charge of public intoxication charges of operating a motor vehicle while under the influence of intoxicating liquor would be placed against him. The man implicated himself, according to the Mayor when he said that he drank a pint and a half of home brew at his home in North Salem and then drove to Roachdale. The youth later denied driving.

Sheets told the court that he was out of employment at present, but had been working in Indianapolis. His father is a farmer he said.

Aron Goodwin, tenant on the farm was awakened about 2:30 o'clock in the morning and summoned neighbors who assisted in saving the house but were unable to get any of the animals out of the barn. Insurance was carried on the barn.

CORN YIELD IN PUTNAM CO. OFF FIFTY PERCENT

NEW CAR SALES DROP FROM 73 IN JULY 29 TO 35 THIS YEAR—HOT WEATHER A DETREMENT

INDIANAPOLIS, Ind., Aug. 21.—Industrial activity and employment during July in Indiana were reduced, but there were signs of an increase in these factors during the early part of August and of improvement in trade and crops, according to the current issue of the Indiana Business Review which is published monthly by the Fletcher American National Bank of Indianapolis. It is prepared by E. J. Kunst, manager of the Indianapolis division of the Indiana university bureau to business research. "With a few notable exceptions, business and industry in Indiana declined during July and operated at subnormal levels as in June," Mr. Kunst said. "Unusually hot weather was a deterrent to trade while widespread drought reduced crop and income prospects in many agricultural districts."

The Business Review gives the following report on business conditions in Greencastle: Wheat and oats made good yield; corn prospects about 50 per cent of normal. Pastures and crops for canning damaged by drought. Some decrease in dairy production. Retail trade in July below last year although some stores report normal business. Industrial operations about 50 per cent with public utilities normal. New car sales in county 35; years ago 73.

INDIANAPOLIS MEN IN CLAY COUNTY JAIL

ARE CAPTURED FOLLOWING CHASE ACROSS CLAY, PUTNAM AND HENDRICKS COUNTIES BY AUTHORITIES

STOLEN CAR RECOVERED

Five Will Face a Number of Serious Charges According to Brazil Officials—All Are Alleged To Have Been Intoxicated

After being chased across Clay, Putnam and Hendricks counties by a state policeman, two Brazil city police and Deputy Sheriff Alva Bryan of Putnam county five Indianapolis men were arrested by Brazil authorities late Wednesday night and lodged in the Clay county jail.

At the time of their capture the men were in possession of an automobile which was reported stolen by Dr. E. W. Ballard of Indianapolis, and Brazil officers stated that all of the men were intoxicated.

The men are William Ford, Frank Britton, William Reed, Joe Troy and John Rockford.

Brazil and Clay county officials had not determined this morning what charges to place against the men as they have all told conflicting stories. However, a charge of vehicle taking will be filed against one or more of the number, and one will face a charge of operating a motor vehicle while under the influence of intoxicating liquor. All will face charges of public intoxication.

Authorities told reporters today that they had not determined whether the men were a band of professional criminals or a bunch of drunken joy riders.

Officials started the chase of the men at Harmony last night after their car had turned over. A group of passing motorists helped them right it and they drove back east on the National road with a state policeman who happened to be near the scene of the wreck and two Brazil officials in pursuit.

The car was a heavy red Buick and was easily followed until it outdistanced the car driven by the officials. At Putnamville the officers stopped to telephone towns along the National road, and picked up Deputy Sheriff Alva Bryan who was there.

Driving east until they came to Plainfield the officials found no trace of the men. There the road is blocked and they decided that the men had turned off on some side road. The officials drove back to the Lora Buick tourist camp and called Brazil. They learned that the five men had been taken into custody by the authorities there.

When the young man appeared before the mayor he faced two charges, one of operating a motor vehicle while under the influence of intoxicating liquor. He pleaded guilty to both charges and was sentenced to the Putnamville institution for a period of thirty days and fines and costs totaling \$81 were assessed against him.

Dr. and Mrs. W. M. McGaughey and Miss Lela Walls have returned home from Lake Winona, where they accompanied Mrs. Margaret Mathews who will visit there two weeks.

ILLINOIS WOMAN IS INJURED IN AN AUTO CRASH

MRS. ELLA CLEM SUFFERS BROKEN NOSE WHEN CARS COLLIDE—OTHER OCCUPANTS OF CARS ESCAPE INJURY

Mrs. Ella Clem of Paris, Ill., suffered a broken nose late Wednesday afternoon when the car which she was driving collided with a car driven by Carl Johnson, who resides north of town. Mrs. Clem was taken to the office of Dr. A. E. Ayler and her injuries dressed and as soon as her car was repaired went to her home.

Mr. Johnson was driving out of a driveway at a farm house across from the Earl Ellis farm, five miles west of town. He did not see the approaching car driven by Mrs. Clem. She tried to avoid the crash by swerving her car to the side of the road but was unable to avoid the accident.

There were four occupants in the Paris car besides the driver but no one else was hurt. Both cars were damaged. Mrs. Clem and her party had been visiting near here and were enroute to Greencastle to take the National road en route home.

THIEVES SHOOT MAN IN CHEST WITH BUCKSHOT

VICTIM IS EXPECTED TO RECOVER DESPITE EARLIER PREDICTIONS OF DOCTORS—NURSED SELF FOUR DAYS

SOUTH BEND, Ind., Aug. 21.—(INS)—Displaying a fortitude worthy of an ancient Spartan, Joseph Kovacs, 40, was recovering today from a shotgun wound inflicted on him four days ago by chicken thieves. More than 100 shots struck Kovacs in the chest.

Kovacs was found alone in his home near Beck's lake, on the western outskirts of the city, nursing his wound. For four days the wounded man nursed himself.

He was taken to a hospital where physicians treated him and expressed amazement that he was alive. Reports from the hospital today said that Kovacs was recovering.

The wounded reclus was found by his sister, Mrs. Tatas, and Police Captain James J. Hatt. He told them that chicken thieves had shot him four days earlier.

The only explanation offered police of Kovacs' refusal to seek help was his fear of doctors. Relatives told police that Kovacs had been released from the Indiana State Hospital at Logansport a year ago after having been treated there. They advanced the theory that the persons who shot Kovacs were after \$2,000 which the reclus had.

STATE MAY NOT PUSH PROBE OF TWO LYNCHINGS

GOVERNOR LESLIE STATES THAT HE IS IN FAVOR OF LETTING MARION AUTHORITIES HANDLE SITUATION

NO ACTION ON REQUEST

Of Grant County Negroes That Sheriff Campbell be Removed—Colored Leaders Charge That Whites Are Being Intimidated

INDIANAPOLIS, Ind., Aug. 21.—(INS)—Governor Harry G. Leslie's refusal to act in the Marion lynching case today caused general belief that that State would not push the inquiry until at least after the Grant county grand jury has completed its investigation, which will begin next month.

The Governor yesterday afternoon told a delegation of Negroes from Marion and elsewhere that because of the "tension" and possibly of future violence in Marion, he deemed it advisable to refrain from action until after the inquiry by the Grant county body.

No action likewise was taken by the Governor on the demand of the Negroes for the removal of Jacob C. Campbell, Grant county sheriff, for his failure to prevent the lynching of the two Negroes in the court house yard on August 7.

Sheriff Campbell failed to offer "even a perfunctory resistance" although he and police were notified from three and one-half to four hours before the crime occurred that a mob was forming, a petition presented to the Governor by the Negroes said. Witnesses now are being intimidated by Marion citizens and prevented from giving testimony against the mob members, the Negroes said.

"Why, I have reports that Marion Negroes had enough dynamite to blow up the jail several times," the Governor replied. "I believe that until the jail is thoroughly repaired and until this high feeling and tension has subsided, there should be no action by this office. Besides, the grand jury's investigation is only two weeks away."

"I am absolutely opposed to mob violence and will see that justice is handed out, but it is best first to allow the local authorities to handle the situation."

Forced Down

A crack in the crank case of the Greater St. Louis, endurance plane, brought Forrest O'Brien (left) and Dale ("Red") Jackson to earth early Sunday morning after shattering the Hunter brother's record by 53 hours. Everybody's happy, you would imagine from this picture made of Mrs. Margaret Watkins (left) and Mrs. Johanna Bamberger, after they had swapped the babies over which there was so much war and threat of war. Health Commissioner Kegel, who acted as a sort of arbitrator or master of ceremonies, looked happy, too. Then Papa Watkins came home, and though he had been trying to get the baby in the Bamberger home, and now had it, he said everything was more mixed up than ever and threatened a little more court action. Get the Car You Want

... And be Dollars in Pocket, Besides

Let us show you how you can own a fine big Essex for less cost than a car of apparently lower price. In the column to the right are the figures of a deal which illustrates the point and proves it in dollars and cents.

One car APPARENTLY was lower in price than Essex. But look into the whole deal, and you find Essex actually LOWER in price, besides being by far the larger, roomier, finer automobile in every way.

Examine the trade-in we can allow you. Remember, our business is not so laid out that we must take your used car from you at less than it is worth. We can give you its full value. Do not give up your used car at a loss because you are attracted by a list price of another car that SEEMS low.

Let us show you a REAL price comparison—an automobile-buying proposition that will appeal to your business and thrift sense. Get our finance terms—get all details.

Have a car you are proud to own—and save money, too.

STUDY THESE FIGURES

This deal started when the buyer told a dealer that Essex was the car he wanted, but apparently for reasons of thrift he must buy a car which was offered at a lower list price. Together with him the dealer figured out the whole deal for Essex and the other car as follows:

Essex delivered price	\$865	Competitor's price	\$625
Offered for traded car	550	Price for trade-in	400
Cash difference he must pay	\$315	Difference	225
Twelve monthly payments	\$29.48	12-monthly rate	24.05
ALL-COST figures for Essex	353.76	ALL-COST FIGURES	288.60

The net of it all, so far, is that for \$65.16 total or around \$5 a month, the buyer found he could have ESSEX. Instead of a car priced by its maker at \$240 less.

Then, finally—a year from now his Essex will be worth \$115 more than the other car he was considering. Or, casting up all totals, his Essex in a year will cost him \$49.84 cents LESS than the car apparently cheaper. So, we say—Get the Car you Want—and be dollars in pocket, besides!

VONCASTLE
"Wild Company" With Frank Albertson and H. B. Warner
Frank Albertson, who in the short space of two years has risen from the extra ranks to one of the most in demand young actors in all-talking, pictures, reveals his talent for comedy in "Wild Company", Fox movietone

all-talking production, which plays at the Voncastle theatre Friday and Saturday.

The comedy scenes in which Albertson is the central figure take place in the gorgeous cabaret sequence, where Sharon Lynn, flanked by twelve beautiful and richly costumed girls, sings two songs and Albertson razzes her in half tipsy good humor.

In other scenes Albertson demonstrates his versatility by dividing superior dramatic action with H. B. Warner, who enacts the role of his father.

Joyce Compton appears in the important role of the pleasure-loving sister. The story, that of a modern youth who gets into bad company and is accused of a murder, for which he is tried, was written by John Stone and Bradley King, with Miss King making the adaptation and writing the dialog.

To-Night Bille Dove in her latest Vitaphone offering "Sweethearts and Wives" will have its final showing.

IT'S WISE TO  CHOOSE A SIX

Announcing a new production record

2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder engine—the comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil, tire and upkeep economy is unsurpassed. And

WHY WE JOINED with Firestone to give Lower Prices and Greater Values!

WE WANTED the advantages locally, that Firestone has nationally for reducing our costs and building volume business on small profits.

A Department Store for Your Car

Our costs are absorbed by several different lines instead of one. We sell the complete Firestone line, including Tires—Tubes—Batteries—Brake Lining—Rims and Accessories. Instead of buying these items from several different places, we get them all from one place on one shipping order—one freight bill—one handling.

Our Costs Are Lower Your Savings Greater

Firestone always leads in bringing down prices. Firestone always leads in new tire improvements and builds more miles into tires than any other manufacturer. Every advantage Firestone has in world wide resources—buying rubber and cotton at the lowest prices — is put right back of us for the benefit of our customers. Result — you get more in value for less in price. The name "FIRESTONE" on every tire is the pledge of the manufacturer that the tire you buy is the best you can obtain for the price you pay.

Advertisements are a guide to value

EXPERTS can roughly estimate the value of a product by looking at it. More accurately, by handling and examining it. Its appearance, its texture, the "feel" and the balance of it all mean something to their trained eyes and fingers.

But no one person can be an expert on steel, brass, wood, leather, foodstuffs, fabrics, and all of the materials that make up a list of personal purchases. And even experts are fooled, sometimes, by concealed flaws and imperfections.

There is a surer index of value than the senses of sight and touch—knowledge of the maker's name and for what it stands. Here is the most certain method, except that of actual use, for judging the value of any manufactured goods. Here is the only guarantee against careless workmanship, or the use of shoddy materials.

This is one important reason why it pays to read advertisements and to buy advertised goods. The product that is advertised is worthy of your confidence.

Merchandise must be good or it could not be advertised.
